

How to publicize your company or skills Register to be listed on our Referral for Services Database

As the local branch of the International Dyslexia Association here in Arizona, we receive numerous calls from individuals, parents, grandparents and care givers, asking for help with the problems that they or their children are experiencing.

We are developing a much needed Referral for Services Database so that services can be accessed by local clients with dyslexia and other problems.

Your name, or the name of your company, could be listed on our website with the one time fee of \$25 for an individual, and \$75 for a group or company.

Download one of the new referral forms on this website, fill it in and return it to us at the Branch address.

The IDA-AZ Referral Database list will be for those professionals who use research-based teaching procedures and programs, or who perform student assessments, or offer other services to enable students to succeed. If you are an organization please complete a form for the organization itself, identifying the category/categories you wish to be listed under, and also complete separate forms for individual professionals (employees) who have the training or certification, so that they can be listed individually as well as within your organization.

We urge you to allow us to support both you, and the clients who are seeking your services, by sending in the completed form(s) as soon as possible.

Part of the commitment to be listed as a Service Provider for the Arizona Branch is to be registered as a member of the International Dyslexia Association. (IDA). To fulfill this obligation, you can go to the website, www.interdys.org to find a membership form, and you can register online.

As a member of the national organization of IDA, you can also be listed in *their* database. This is a service that is used by people who contact the National Office looking for providers in a given state. The form for doing this can be obtained from the Membership department at the National Office.

When you register as a member of IDA you automatically become a member of the Arizona Branch of IDA, and will receive local support and information

We would like to welcome you to become a part of the solution to address the literacy needs and on-going support of students in our state with learning differences. We acknowledge your professionalism, experience, and commitment and suggest that we can support each other by working together.

Select and complete the form which best describes the heading under which you would like your information to be displayed.
